

Curaleaf's Select Brand Introduces "Select Fresh" Line in 10 States

Select's Newest High-Quality Cannabis Oil Launch Features Bold Fruit Flavors & New .3 Gram "Go" Cartridge

WAKEFIELD, Mass., March 17, 2021 /PRNewswire/ -- Curaleaf Holdings, Inc. (CSE: CURA) (OTCQX: CURLF) ("Curaleaf" or the "Company"), a leading U.S. provider of consumer products in cannabis, today announced the latest addition to its suite of products with Select Fresh, which will make history as a THC product initially launched simultaneously across 10 markets. Held to the brand's famously rigorous testing standards, Select Fresh combines high-quality premium distillate oil with bold fruit flavors in the brand's sleek new .3 gram "Go" hardware.

Select, known as America's #1 Cannabis Oil Brand, is currently available in 17 states with varied offerings across each market largely due to contrasting regulations at the local level. Continuing on its path to becoming the first nationally recognized cannabis brand, Select is determined to improve upon consistency across the U.S. by providing patients and customers with consistent access to the products they know and trust. Select Fresh is the first industry-wide product offering to be launched across 10 markets within a four-week window, starting with Arizona, Connecticut, Maine, Maryland, Nevada, and Oklahoma. The premium offering will roll out in California, Colorado, Florida, and Massachusetts by the second week of April.

Select Fresh was created to feature bold fruit flavors in response to consumers who are averse to the unflavored experience of vaped cannabis. The brand's high-potency THC distillate oil is combined with all-natural, botanically-derived terpenes in a sleek .3 gram cartridge, offering a consistently high-quality experience at an attractive price point. The .3 gram "Go" rechargeable hardware combats disposable battery waste while maintaining the sleek, slim nature of a disposable. The smaller cartridge size, as opposed to a .5 gram or 1 gram cartridge, also results in a lower price point for a premium product, which is great for cost-conscious consumers. Like all Select products, the brand proactively tests all products at or above the level required by state regulators.

"Curaleaf is committed to elevating the cannabis experience of each and every kind of patient and consumer, and through the launch of Select Fresh we are able to round out our product portfolio with an option for those who value flavor, portability, and an attractive price point," said Joe Bayern, President of Curaleaf. "The launch of Fresh is one more step in executing our strategy of becoming a leading CPG cannabis company by creating products that meet the needs of our consumers with brands people love."

The 17 states that Select products are currently available in include Arizona, California, Colorado, Connecticut, Florida, Illinois, Maine, Massachusetts, Michigan, Maryland, New York, Nevada, Ohio, Oklahoma, Oregon, Pennsylvania, and Utah. The Fresh line will sit alongside premium vape offerings including Select Elite, Select Elite Live, and Select Essentials, which was launched earlier this month. To find out more about Select's portfolio of products, or to find a dispensary near you that carries Select products, go to www.selectbetter.com.
